Hi, Steve & Jim;

Thanks for the floor plan, Steve. I haven't seen this before but that is not unusual especially if I'm not doing a work order to initially install the jacks.

Leslie said with the pending storm we need to push the work back to Friday. Thursday is a full day of work already and, with the possible loss of tomorrow, it is going to back us up more. We still have an issue with a jack (2-1-10) in Rm N222 that needs resolution. Leslie will get back to me when that has been done. This affects 5-6600. Jack 2-1-17 is available, if that is a possibility.

I am going to work with our Systems Office to get the room numbers changed for those 3 rooms today to help facilitate this work.

Hi, Roxanne;

We're having issues with room numbering right where the two second floors meet for Morrill I & Morrill IV. Can you send me both floor plans? Thank you.
